

## Steps for iPhone 4S Custom Ringtone

### Steps to get a ringtone for fire calls

1. In your contacts (Phone Book) add a contact e.g. Fire call 20
2. In the email section add the address [alert@emgcall.net](mailto:alert@emgcall.net)
3. In the second email section add the address [alert@ecm2.us](mailto:alert@ecm2.us)
4. Scroll down the screen till you see "Text Tone"
5. Pick from one of the default or custom ringtones
6. Select the same exact ringtone for the "ringtone" section
7. Select save contact

### Steps to get a ringtone for distribution list message

1. In your contacts (Phone Book) add a contact e.g. Fire Station Message
2. In the email section add the address [message@ecm2.us](mailto:message@ecm2.us)
3. Scroll down the screen till you see "Text Tone"
4. Pick from one of the default or custom ringtones
5. Select save contact
